ACETERIA MERLINO

Category: Canned food
business description:

Aceteria Merlino opens a small-big world to enthusiasts: honey and spicy balsamic musts, blueberry or melon vinegars, honey vinegar with beneficial properties for the metabolism, selected wine vinegars and the Piedmontese balsamic "Berg op Soom". There is no shortage of jams to enjoy with cured meat, the 17th century-style chutney, the cooked grape must, the wine drops and the Moscato based cream that is ideal with cheese. Definitely worth getting to know!
