Azienda Agricola "Casa Nuova" di Badino Paola

Category: Cantine
business description: Wines: Organic Dolcetto d'Ovada, Rosé, Barbera

Paola Badino's Casa Nuova farm, located in the municipality of Rocca Grimalda, has overlooked the hamlet of San Giacomo from the top of a small hill, like a balcony of land and vineyards, for over a century. From the house, the view extends toward Silvano d'Orba and then toward the outline of the Ligurian Apennines. We are in the Ovada area, a borderland between Piedmont and Liguria, an area that, as recently as the 19th century, was covered with extensive chestnut and oak forests, which were gradually cleared to make way for vines.
