PASTICCERIA VERCESI

Category: Pastry, honey, chocolate, jam
business description: In the late 19th century, Cavalier Stefano Vercesi decided to modify the recipe for the already famous "Lady's Kisses," replacing the hazelnuts with almonds and adding cocoa to the soft dough. Thus, the "Golden Kisses" were born. Patenting them was a brilliant idea, making them truly original. Presented at the Milan International Fair in 1906, they won the gold medal, the highest pastry award of the time.
At Pasticceria Vercesi, you can find a vast assortment of fresh and dry artisanal pastries to enjoy with a good coffee or for special occasions. Classic cream puffs, puff pastry cannoli filled with cream, chocolate mushrooms, shortcrust pastry baskets with fresh fruit and custard, and more.
At Pasticceria Vercesi, they prepare cakes for all occasions, from birthdays to weddings.
For an aperitif or a quick snack, we offer our customers mixed savory snacks and puff pastry pizzas.
